

Shift Manager

Norbar Torque Tools Ltd., the world leading torque tool manufacturer is looking to appoint a Day Shift Manager to join our Calibration Laboratory team.

Working to stringent standards, our laboratory team provide servicing and UKAS accredited calibrations of electronic and mechanical torque measurement devices.

The manager's primary role will focus on safety, quality, developing people, driving improvement and reducing waste.

Proven problem-solving ability is essential, together with attention to detail to meet quality standards, excellent IT skills and business improvement techniques.

An electronic or mechanical HNC/HND or equivalent would be an advantage.

Applications will be considered from experienced people managers preferably from an engineering/technical/quality background.

In return we can offer an attractive salary package commensurate with previous experience.

Norbar also offers a non-guaranteed profit related bonus, generous contributory pension scheme, life assurance, an award-winning restaurant, plus other lifestyle benefits.

Closing date for applications: Friday 4 February 2022

We reserve the right to interview and appoint before the closing date
